Additionally, please observe these five (5) safety tips when using your debit card:

- 01** | Always keep your card in a safe place, just as you would take care of your cash.
- 02** | Never write down your PIN (personal identification number) anywhere. Memorise it.
- 03** | Ensure that no one sees you enter your PIN.
- 04** | Never allow a stranger to assist you while using an ATM.
- 05** | After completing your transaction, secure your card and cash immediately. Always count your cash before leaving the ATM area and not outside it.
